

New Arrival – User console in CHINESE version

DATE: April-7th-2017

- Edits settings and monitors operation in Chinese.
- Helps introduction and maintenance of production facilities in Chinese market.
- Available in: AFC3000 Nutrunner; DSP3000 Servo press; and HFC3000 Hand Held Nutrunner.

Adding Chinese in Language Setup **New**

Automatically selecting your language

The user console software automatically selects your language based on your Windows OS language when it is activated for the first time.

※ If none of the languages supported by the software match your Windows OS language, the software selects English language.
